Objectives

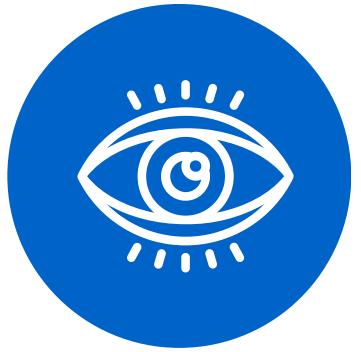

1.

Effectivity & Efficiency

How can this study provide a more effective and efficient content management system for the BJMP officers?

2.

Communicate

How can the families of the PDLs of BJMP Baliwag communicate safely and easily with their loved ones?

3.

Uniformity

How can the BJMP Baliwag landing page similar to government websites?

4.

Evaluate

How can this system be evaluated using the ISO/IEC 25010:2011?

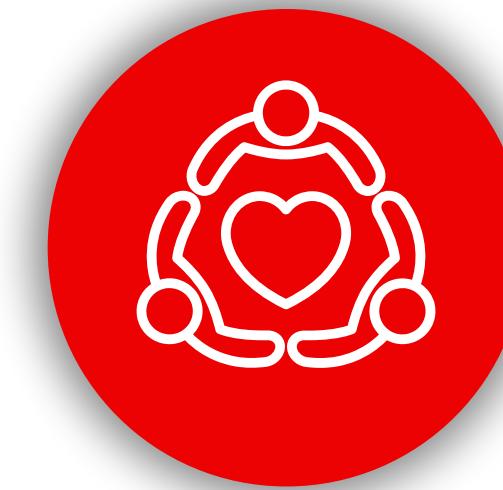

Research Methodology

Mixed Research Methodology

Developmental Research Methodology

The design, development, and evaluation of instructional programs, procedures, and products that must meet internal consistency and effectiveness standards were studied by the researchers using developmental research.

Descriptive Research Methodology

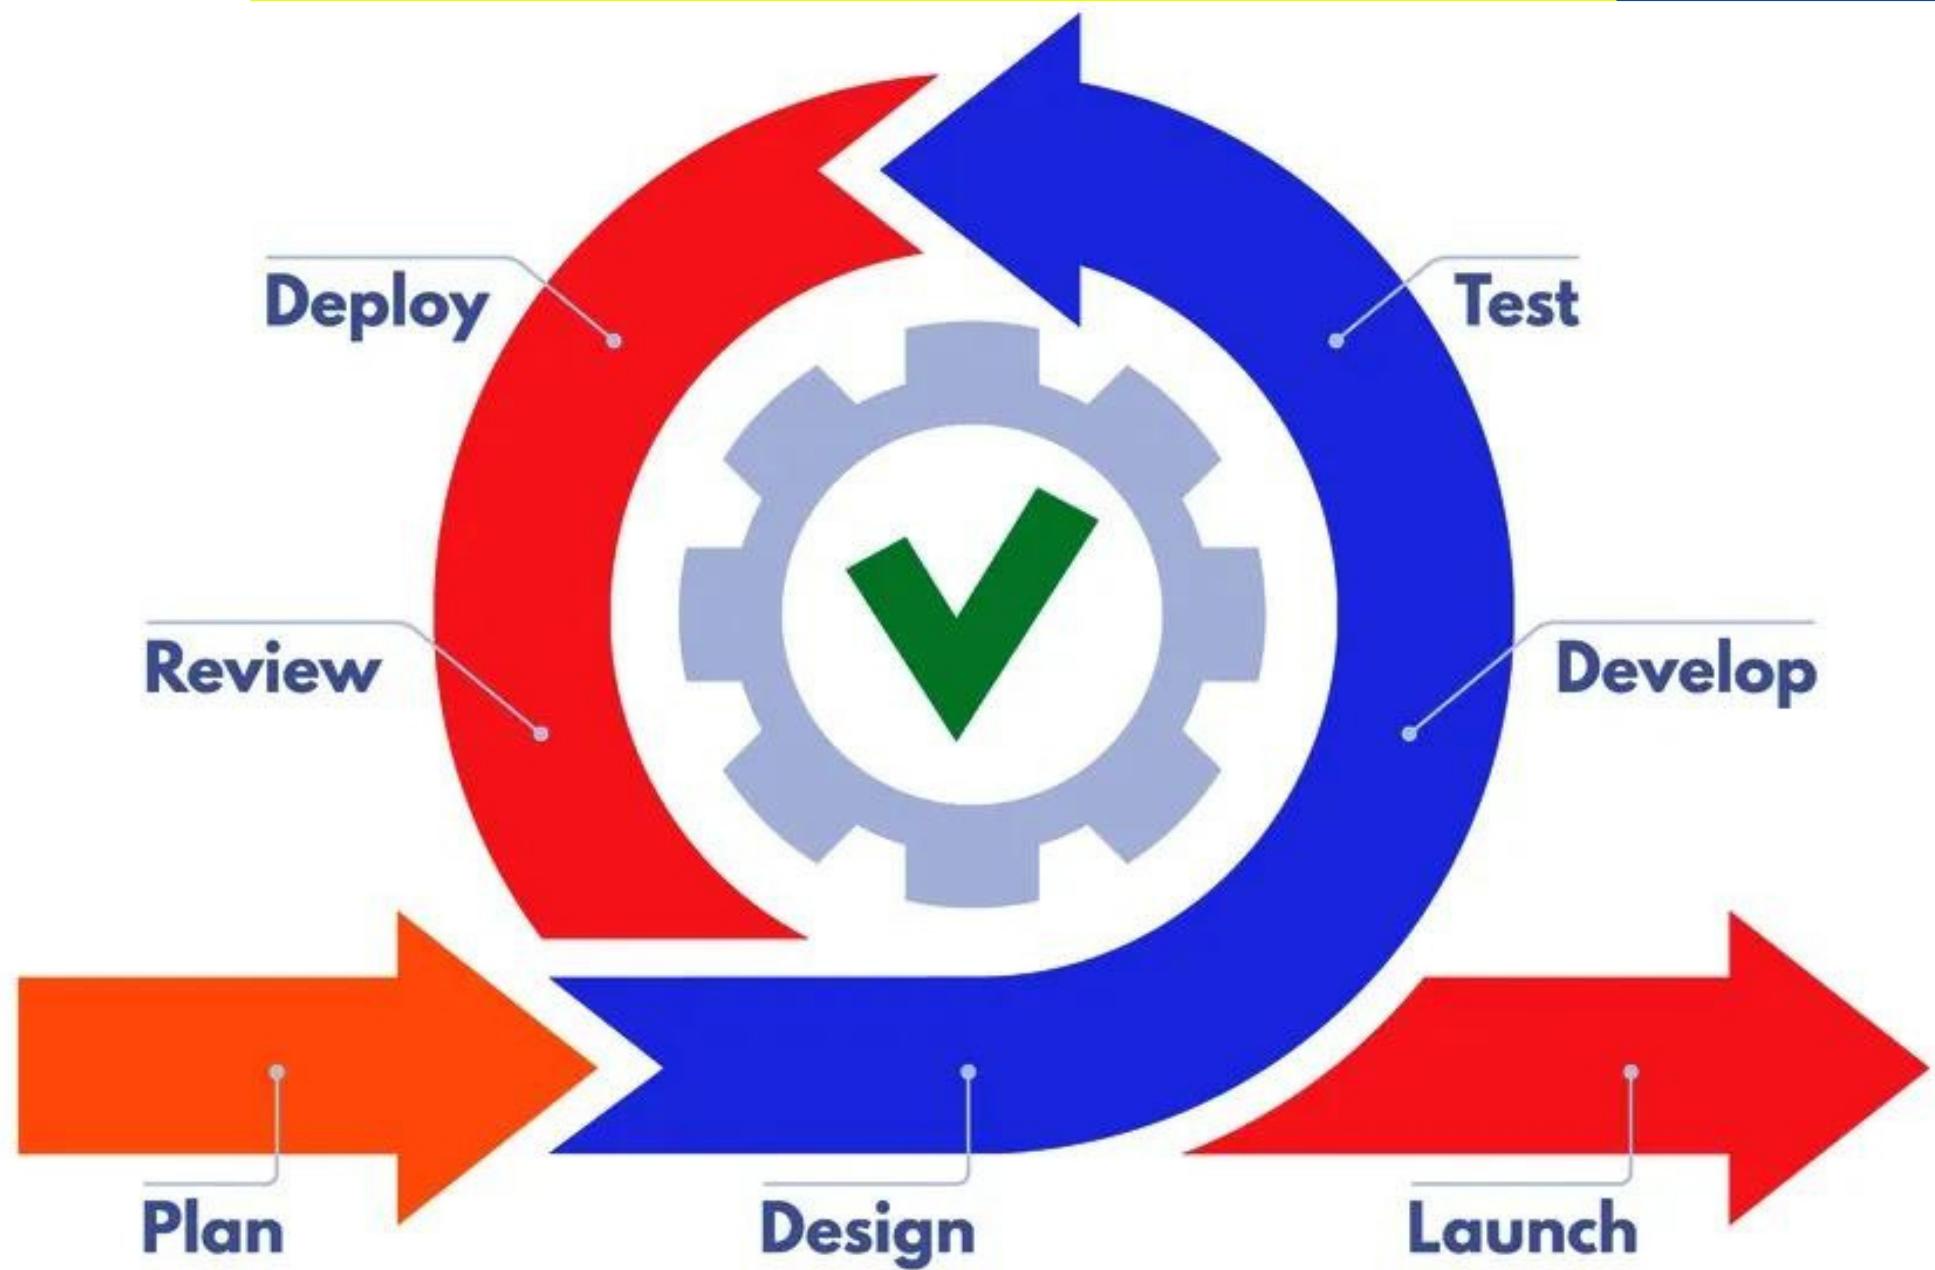

Aims to accurately and completely describe a population, circumstance, or phenomena thoroughly

Project Management

Agile Scrum

Agile was used to develop the system. It employs prototype and iterative development to adjust to the system's shifting needs.

Agile's goal is also to emphasize flexibility so that changes may be adapted to fast.

This screenshot shows a project management interface for a software development team. The top navigation bar includes links for Software, Your work, Projects, Filters, Dashboards, People, Apps, and Create. A search bar and user profile icons are also present.

The main header for the project is "EIMP Phase 2 software project". On the left sidebar, there are several project-related links: Roadmap, backlog, board, reports, issues, sprint, code, project pages, add shortcut, and project settings. A note at the bottom of the sidebar states "a team-managed project. Learn more".

The central area displays a Kanban board titled "All sprints". It has three columns: "TO DO", "IN PROGRESS: 8 ISSUES", and "DONE: 10 ISSUES". Each column contains a list of tasks with their respective status, priority, and due date.

- TO DO:**
 - EIMP-70: User web page system (Development of web page sys...)
 - EIMP-71: Establishing backend / database etc. (Development of web page sys...)
- IN PROGRESS: 8 ISSUES:**
 - EIMP-72: Prototype (Admin's Side) (CHAPTER 2 PROGRESS)
 - EIMP-73: Editing Template for chapter 4 (CHAPTER 4 PROGRESS)
 - EIMP-74: Editing Template for chapter 5 (CHAPTER 5 PROGRESS)
- DONE: 10 ISSUES:**
 - EIMP-75: (CHAPTER 1 PROGRESS)

At the top right of the board, there are buttons for "Complete sprint", "Group by", "None", and "Last update". A note at the top of the board says "Does your team need more from us? Get a free trial of our standard plan." and features a "Get started" button.

NATIONAL ID REGISTRATION IN JAIL FOR PERSONNEL AND PDL

December 20, 2021

One of the problems suffered by Persons Deprived of Liberty (PDL) in transacting, through their relatives, with both private and government agencies, is the lack of documents to prove their identity. Oftentimes additional documents were required to be presented. With the enactment of RA No 11055, all citizens can now register and secure national ID that can ease or simplify transactions by eliminating the need to present other forms of identification. As such, this jail through JO3 Victor D Santos Jr. Paralegal Officer/HRAO, coordinated with PhilSys Bulacan for national ID registration of both jail personnel and PDL.

On 0800H-1700H 10 December 2021, personnel of PhilSys Through coordination with Mr Christopher M Rodil, PhilSys Focal Person, conducted national ID registration in this jail, one hundred twenty seven(127) male PDL and five (5) jail personnel. The PhilSys team also accommodated national ID registration of two (2) lawyers from Public Attorney's Office of PAO Baliwag District Office.
